9:00	OPENING SESSION João Gonçalves Pereira and Joana Fernandes
	CODE SEPSIS – WHAT TO DO. Moderator: Elika Pinho
9:15	Sepsis and septic shock: a pocket guide for the first hour Mafalda Mourisco Antibiotics: Large spectrum for all? Carla Santos What should be sent to the microbiology laboratory? Hugo Cruz Discussion
10:40	Coffee-Break
11:00	Conference: HOSPITAL-ACQUIRED PNEUMONIA. AN UPDATE. Rafael Zaragoza Chair: João Gonçalves Pereira
	THE FOCUS OF INFECTION. Moderator: Nuno Pereira
11:30	When pneumonia goes sideways – how to manage complications José Manuel Pereira Conundrums in the antibiotic management of peritonitis Nuno Príncipe Focus control Pais Martins Discussion
12:50	Conference: THE ROLE OF MITOCHONDRIA IN SEPSIS Mervin Singer Chair: Susana Fernandes
13:20	Lunch
	ADVANCING THE SCIENCE Moderator: Paulo Mergulhão
14:30	A life in Sepsis. Serendipity in clinical practice. Mervin Singer Educating the young generations nowadays. Is it different? Joana Estilita Discussion
	THE MANAGEMENT OF SEPSIS Moderator: Márcio Borges
15:30	Phage therapy Joana Azeredo Continuous infusion of Beta-lactams João Gonçalves Pereira Cornerstones of antifungal stewardship in the ICU José Artur Paiva Discussion
16:35	Coffee-Break
16:50	WHO WANTS TO BE AN INFECTION EXPERT? Mafalda Mourisco and Joana Fernandes
17:20	BEST POSTER PRESENTATIONS Mafalda Mourisco and Joana Fernandes.
